5. EVALUATION SYSTEM

5.1. GENERAL OBSERVATIONS

Students must fulfill the following requirements as part of the course:

1) Write three essays on course topics.
2) Engage and be prepared to discuss in class the core ideas and readings of the course. This requires that students complete all reading ahead of class and be attentive to the vocabulary, critical concepts and other ideas that are contained in all the course material.
3) Submit weekly reading responses.
4) Pass the Final Exam.
5) Attend at least 70% of the class. It is the student's responsibility to monitor their attendance record and ensure that they fulfill this requirement.
5.2. EVALUATION AND WEIGHTING CRITERIA

The breakdown of the final grade is as follows.

<table>
<thead>
<tr>

<td>10%</td>
</tr>
</tbody>
</table>

**Essays**
You are required to write two short essays over the course of the semester. Instructions and topics assignments will be provided after the course has commenced.

**Reading Statements**
You are required to provide over the course of the semester ten statements of core concepts or ideas derived from the reading. Statements are due before the start of the corresponding class. Further details regarding the reading statements, written assignments, standards for participation, and the final exam will be provided at the beginning of the course.

5.3. RETAKE POLICY

- Each student has **4 chances** to pass any given course distributed in two consecutive academic years (regular period and July period).
- Students who do not comply with the 70% attendance rule will lose their 1st and 2nd chance, and go directly to the 3rd one (they will need to enroll again in this course next academic year).
- Grading for retakes will be subject to the following rules:
  - Students failing the course in the first regular period will have to do a retake in July (except those not complying with the attendance rules, which are banned from this possibility).
  - Dates and location of the July retakes will be posted in advance and will not be changed. Please take this into consideration when planning your summer.
  - The retake will consist of an exam testing mastery of both factual and conceptual components of the course.
  - Note differences in the retake policy between the July period and the ordinary period:
    - July retake: students must pass an exam during the designated exam period; no exceptions or date changes; at the instructor's discretion, the student might also be required to submit additional written work, such as an essay or research paper
    - Retake in the ordinary period: students must fulfil the overall course requirements.
  - The maximum grade that a student may obtain in the retake will be 8 out of 10.

6. USE OF ELECTRONIC DEVICES IN CLASS

This subject does not require the use of a laptop in class; nevertheless, if you want to bring your laptop, please contact your professor.
